

Monthly Client Status Report
For
North Coast Railroad Authority
(NCRA)

December 2016

Prepared by Mike Dannelly
*as of January 6, 2017

Summary

Parallel Infrastructure's (PI's) efforts to optimize NCRA's revenue generating portfolio have been successful in producing an additional \$56,230/annually through twenty-six (26) new agreements, plus an additional \$9,000/one-time pay for three (3) temporary access licenses. Another twenty-five (25) prospects in negotiations that could potentially generate over \$50K in new income.

The vineyard owners that had non documented crossing over NCRA's ROW and were represented by attorney Richard Hicks are responding to the negotiated license agreements sent to them for execution. As of December, eight (8) crossing agreements have been executed by the licensee and NCRA with twelve (12) more in process to close by January 2017.

The dialogue between NCRA and AT&T's general counsels has been active in attempting to reach an amicable settlement/agreement to memorialize the existing sixty-three (63) occupancies within NCRA's ROW (in between Willits and Healdsburg). PI will continue to assist and support NCRA's counsel in bringing the occupancies under a formalized agreement.

Pacific Gas & Electric (PG&E)'s and PI have initially agreed to the number of undocumented/unlicensed encroachments currently residing in the Right of Way. PG&E is still negotiating Parallel to finalize the crossing agreement format and agree on the final valuation.

The areas of potential interest are listed below:

- Hopland Hotel LLC has signed an agreement to lease the old station building (MP100.05) and the surrounding NCRA owned property. Once the signed agreement with payment has been received, PI will forward to NCRA for final contract execution.
- PI & Mendocino Forest Products LLC (MFP) have negotiated a tentative agreement for MFP to lease the NCRA ROW property dividing MFP's lumber operations located just north of Ukiah (MP116.17). The lease will facilitate needed space for storage and will enable MFP to better secure their operation.
- Syar Industries has signed the grade crossing license agreement for a commercial grade crossing at MP74.65. The payment and license has been sent to NCRA for final acceptance and execution. The Hum Bud Collective submitted an application for the proposed license agreement. Humboldt Municipal Water District and Millview Water District are still pending.

Current Account Metrics

	Surface	Utility*	Total
Prioritized Encroachments	179	177	356
Prospects Contacted	215	110	335

NCRA Actions/Open Items

- Prepare for ongoing billings for PI-procured agreements
- NCRA Legal to work with Parallel to settle with AT&T on multiple crossing encroachments

Parallel Actions/Open Items

- Progress viable negotiations, close leases out for execution, and monitor utility opportunities
- Review identified encroaching parties that have received proposals and not responded. Reengage the parties to legitimize unauthorized ROW uses.
- Explore new opportunities north of Willits

Application Fees Collected

- Twenty- six (26) application fees have been collected for a total of \$26,000
