

## **MEMO**

**To:** NCRA Board of Directors

**From:** Executive Director Stogner

**Date:** May 9, 2018

**Subject:** **Agenda Item F.1 – Discussion and Possible Action Regarding Amendment to Existing Eureka Corridor Management Plan**

---

The NCRA currently has a Rails with Trails Corridor Management Plan agreement with the City of Eureka that extends from the Hikshari' Trail to the Eureka Slough Bridge. The City has access to grant funding to extend the trail another mile south of the Hikshari' to Tooby Road.

Miles Slattery, Eureka Community Services Director, is here to request NCRA Board support for an extension of the Corridor Management Plan agreement from Hikshari' Trail south to Tooby Road. Like the existing agreement, this addition would be fully compliant with NCRA Rails with Trails policy.
